Ensuring that the Club continues to maintain a strong financial base while providing improved services and amenities, attracting new members and planning for the future is a challenge that your Board of Governors faces at every Board meeting. Several improvements have been made to the Club: the upstairs bathrooms have been remodeled, the downstairs hallways have received a nice update with new paint and molding and we have a new concrete patio area at the pool. The improvements to the Club, both subtle and not so subtle, are the result of sound financial decisions and planning.

This area is entering into a long term drought and is running out of water with no resources for additional water. Your Board, along with the Greens Committee, Phelps Davee and Andy Khatami, is currently working on a solution to bring good quality water to the golf course. In addition to that, we have resurfaced two tennis courts and are discussing the construction of an outdoor patio. With so much going on, let me reassure you that the Club’s financial viability is the Board’s first and foremost priority. We are all working to make sure the Club will be here for your children and your grandchildren. We want the legacy of our Club to continue.

There are more changes planned for the Club and they will take place right before your eyes. There will be construction and some inconvenience but please know that the slight inconveniences are meant to improve the Club’s services and amenities and enhance your Club experience.

If you have any questions regarding the Club or the Board of Governors and its plans, call me, any Board member or Andy. We’re ready and available with answers.

More to come,
Lee “L.J.” Shamaley
I dedicate this article to all of our employee partners at El Paso Country Club. They are the nuts and bolts of our operations and the reason why we remain successful and strive toward a better future.

Jesus “Chuy” Orozco
Chuy started his employment with us at the age of 18 and he has been at our club since 1972! He has fulfilled his duties in various positions and he takes care of all of our culinary needs. Imagine 40 years of dedication and commitment to one club. He is a superstar and I am so proud to have him on my team.

Manuel Toyosima
Who doesn’t love Manny in the Men’s Grill? Quiet, mild mannered and goes about his business, Manny takes great care of our membership. He has been a part of the club since 1984 and knows every member downstairs. He is a true pleasure to work with and a huge asset to our club.

Carlos “Mickey” Granados
Mickey works in the kitchen and he is our morning supervisor who has been with us since 1985. He starts his shift at 6 o’clock in the morning on the dot and he has been the rock that we have leaned on for years. There has never been a time that we have needed Mickey to assist us with the night duties that he has turned us down. He loves the club and the members and enjoys every bit of his time spent with us. Mickey, keep up the good work.

Gabriel Valenzuela
Yes, he is the one in the Men's Grill with a thick mustache and a kind smile. Gabby started with El Paso Country Club in 1978! He truly is what makes the Men's Grill one of the warmest dining rooms at the club. We love Gabby and we appreciate what Gabby does for the membership on a daily basis.

Manny Rangel
Truly a favorite of the membership, Manny has been with us since 1994 filling in the various positions around the club and ultimately the #7 snack shack. Manny, it is an honor to have you with us and naming the #7 snack bar after you (Manny’s Shack) is well deserved and presents you with our token of appreciation for your love of our membership.

Manuel “Lencho” Hinojosa
That’s right, he is the quiet Server’s Captain downstairs who assists you anyway that he can. Lencho is a full time teacher who started his employment with us back in 1990. He has been working two jobs for the past 22 years and he has dedicated his vast knowledge of service to our membership. We are proud to have him on our team and he is a superstar.

Joe Sotelo
Joe is the club’s House Maintenance Supervisor and has been employed with our club since 1986. Not only is Joe an outstanding employee but also a great father. His children are all attending the local colleges and universities with honor grades and scholarships. We are definitely in good hands with Joe and his crew.

Estela Granados
Estela is the club’s Human Resource and Payroll Supervisor. She has been with us since 1984 and takes great care of all the hiring and payroll needs. Members never see her in the dining rooms or during the member functions but behind the scenes she keeps on ticking and handles all of our accounting needs.

Margarita Sierra
Margarita is our club’s Comptroller and started her employment with us in 1978. I can honestly say that if it were not for her, our club would have never been this successful. She is truly a gem to work with and her vast knowledge of our club’s operation and accounting procedures makes any manager’s job much easier. I consider her my right hand person and I rely on her heavily to assist me with all tasks. I know many of our past presidents and Board members have worked with her closely over the years and they share the same opinion of her as I do. Margarita, we are proud and fortunate to have you at our club!

Alfredo Guardado
Alfredo is the Golf Course Equipment Mechanic. He started his employment in 1990 and keeps our machines running on a daily basis. Alfredo treats our equipment like his own. We have machines that are 12 years old but they look as good as new. Alfredo lost his son in the Iraq war and he is truly a hero in our eyes. Thank you for your hard work, your sacrifice and your love for your country.

Israel Hernandez
Where would we be without him? He is our Clubhouse Engineer and he has been with us since 1987. Israel is truly a gem. He knows just about anything and everything about our machinery. His expertise in air conditioning, electricity, dry wall, painting, plumbing, and all the other tasks have saved our club a great deal. Anything that breaks down, Israel and his staff are to the rescue. If he does not know how to fix it, he will research it and find a way. Thank you Israel for your knowledge and your commitment to our club.

This list can go on for several pages. Dieter Gerards, Food and Beverage Director; Charlie Usener, Executive Chef; Phelps Davee, Golf Course Superintendent; Brenda Waters, Membership Secretary; James Meza, Service Director; Ray Lopez, Banquet Captain; Rafa Casas, Men's Grill Bartender and many more of our superstars whom I appreciate for their dedication and commitment to our club. All of El Paso Country Club’s employee partners are superstars and we have the best team of employees that I have ever been a part of. You are the reason why our club is the jewel of the southwest and I am honored to have the opportunity of working by your side at El Paso Country Club.

Andy Khatami
General Manager/COO
The Club is closed every Monday except in the event of a holiday. In this event, the Club is closed on Tuesday.

Our first Shot of the Month came to us late last month. On the crisp morning of Sunday, February 26th, Don Flores made an amazing shot on the 13th hole. With his dew-sweeping playing partners of Ron Marcum, Jodie Hoover and Steven Freyermuth, Don managed to find himself a mere 32 yards from the pin on the par 5, 13th. With a sand wedge in hand, and an easy swing, he sent the ball lofting towards the hole. The moment he hit it, Don knew it was well struck, and the ball found the hole for an eagle three! Ron Marcum was noted as saying that he thought he could hear the opening lines of a certain song - “Go Bobcats all the way; keep that maroon and gold on high!” Congratulations, Don, and Go Bobcats!

Our next Shot of the Month is actually a culmination of many shots throughout a round - 69 of them to be exact. And that is the same number of candles on Tom Thomas’ birthday cake. On the 7th of March, Tom accomplished one of the most elusive feats in golf, shooting his age. Shooting your age is not only a great individual accomplishment, but it’s one of the best things about this wonderful game. In almost any other sport the milestone achievements are, for the most part, all in the rear view mirror by the time your odometer spins past 65. But not our great game. In your seventies and eighties—and even beyond—you have the chance to do something that those younger whippersnappers in their fifties can only dream about.
Well here at the golf course, spring is coming alive. The trees are in bloom, flowers are perking up, and the Bermuda is waking up—that means it’s time to play golf!

The greens are healing in nicely from the aerification and the root structure is looking good. This will help us get through the hot summer months. The poa-annua is being treated chemically and is yellowing out right now, so it is obvious to see. We still have a lot out there and will continue to stay at it. The summer flowers will be going in now and some of our landscape beds are getting a facelift.

Water Update: The Water district has allocated 6 inches of water this season which is a drastic cut from our normal 4 feet. The water won’t be available till the first of June so we are going to use what we can of our salty wells until we get river water. We are looking into other options such as drilling a well or leasing well water but have not found anything solid yet. This means we will be coming out of dormancy a little slower than normal. We will be fertilizing the golf course and finishing our second application of pre-emergent soon.

Speaking of playing golf, I have noticed it is time for a little etiquette reminder on how to fix a ball mark on the green. Remember you can fix more than one ball mark while your partners are getting ready to putt their ball. So here is a simple chart on repairing a ball mark.

<table>
<thead>
<tr>
<th>WRONG!</th>
<th>RIGHT (1)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pulling up on the center or the sides will leave the center raised - to be scalped by the next mower!</td>
<td>Insert divot tool in the middle of the ball mark, twist and pull out core.</td>
</tr>
</tbody>
</table>

| RIGHT (2) |
| Pull both sides of the ball mark into the center. This should close the hole. Then gently tap the ball mark down with your putter. |

| WRONG! | RIGHT! |
| Do not pull up with green repair tool. This will only bring sand into the surface. | Insert tool and pull forward. |

Phelps Davee
Golf Course Superintendent
Congratulations to John Goodrich and Charlie Tellez, winners of the Stephen F. Austin Flight and overall champions. They shot an astounding 17 under par over two rounds to take the title.

The gusty conditions on Friday could not stop the Shark from sinking a mile’s worth of putts. John did his part for the team by shooting a net 32 on the front nine of the second round. Their Saturday round of 133 was bested by only one team, Jay Inzer and David Mansfield. Jay and David rallied from ten shots back to win the James Bowie Flight. Jerry Clouse and Bob Walker jumped out to an early lead on day 1 and held on to win the William Travis Flight.

We would like to thank all of you that played and made this a great event.

Greetings from the 18-Holers. We had our first Ace tournament, which was won by Jan Macatee.

We were fortunate to have a group lesson from Vern. The most important being how to control our nerves by establishing a pre shot routine.

Our shirts for Intercity have arrived. We look forward to hosting the first tournament in April at El Paso Country Club.

Golf is a game...so tee up and have fun! But remember...every game has its rules!

**Rule 12: Finding Ball in Hazard**

A. You may lift your ball to identify it anywhere. You must tell your opponent or fellow competitor before you lift your ball to identify it.

B. A hazard is any bunker (area of sand) or water hazard (lake, pond or creek etc).

C. In a bunker or water hazard, if your ball is covered by sand or leaves, you may remove enough of the sand or leaves to be able to see a part of the ball.
UPGRADE YOUR MEMBERSHIP TODAY!

Don't let another summer pass you by without being on the golf course!

TENNIS, SWIMMING/FITNESS/SOCIAL OR SOCIAL/DINING MEMBERS CAN TRANSFER TO REGULAR FOR $7,000 PLUS SALES TAX

PAY YOUR INITIATION FEE IN ONE OF THREE WAYS

* Pay the Initiation Fee in full and receive a $250.00 Food & Beverage Credit or five (5) Golf Course guest passes (please choose one);
* Make a down payment and pay the remainder in monthly, interest fee payments added to your statement over 12 months; or
* Pay the Initiation Fee in monthly payments added to your statement over 12 months

Please contact our Membership Secretary, Brenda Waters, at 584-1111 or brenda@elpasocountryclub.com

SIGNIFICANT SAVINGS IN YOUR MONTHLY DUES

Your Tennis, Swimming/Fitness/Social or Social/Dining dues will be frozen for the first year of your Regular membership.

Your Regular dues will commence one year after the date of your upgrade to the Regular golf membership.

● DID YOU KNOW that under this program, you can upgrade to Regular and save $3,000.00?
● Depending on your membership classification, you will save $3,422.76 to $4,967.88 in dues during your first year as a Regular member!

RECEIVE A $250 FOOD & BEVERAGE CREDIT or FIVE (5) GOLF COURSE GUEST PASSES

IMPORTANT FACTS ABOUT REGULAR MEMBERSHIP

* The Regular membership includes Golf, Tennis, Swimming, Fitness Center and Dining Privileges
* A Membership Certificate will be issued in your name.
* You are entitled to vote at any meeting of the Club and in the election of Governors to the Board.
* Your certificate may be transferred to your spouse, son or daughter upon approval of the Board of Governors and without payment of the initiation fee.
Private country clubs across the country have been dramatically affected by the downward turn in the economy. Though no one is projecting the end of private clubs, the industry is facing challenging times created by job layoffs, the closing of businesses, and personnel relocation.

As early as 2009, the National Golf Association (NGA) reported that over 600 private clubs indicated that they were facing “serious financial challenges.”

The NGA is also reporting that many private clubs around the country are reducing initiation fees to recruit new members and a significant number of those clubs are converting to semi-private or public status.

Closures across Arizona and South Carolina, both known as golfing destinations, are having the most dramatic impact on the private club industry. In 2010, private clubs lost membership in the range of 5-15 percent, a loss of over $150,000 in annual dues. Private club sales that include club dues, food and equipment are also on the decline, according to reports.

“El Paso Country Club is not in danger but we do need to be pro-active in our recruitment of new members and in ensuring our clubhouse and grounds offer the services that members want in a club,” says Andy Khatami, General Manager and Chief Operating Officer.

“We know our community, both the club and the city are not immune to the downturn in the economy. Though membership changes are a part of this business, I would say we have seen an increase in membership attrition. Some members have had to make the decision to leave the club for financial reasons; others left the club because they relocated for their jobs,” Mr. Khatami explains.

Most reports find that the economy is not the sole reason that private clubs are seeing a drop in membership and loss of fees. Reports from both the NGA and the National Club Association say today’s young families are more likely to spend
time on weekends together than with parents engaging in activities without their children.

This is especially affecting the game of golf, a major draw of most private clubs. El Paso Country Club has made the effort to invest in its golf course to preserve its championship status and increase play. Mr. Khatami and Golf Course Superintendent Phelps Davee have discussed work on new bunkers as well as finding new sources of water for the course as the drought takes hold of the community.

Director of Golf, Mark Pelletier has seen the numbers and is working with Mr. Khatami and the Board of Governors to help increase the number of golfers on the course.

“In 2011, 26.1 million rounds were played nationwide and this was 1 million less than just one year earlier. The NGF (National Golf Foundation) reports that private club memberships were down an average of 13% and the number of rounds played were down 17% from their peaks,” Mr. Pelletier says.

As a private club general manager, Mr. Khatami is in contact with managers of clubs in Texas and other states. Hearing from other managers he knows that diversifying and investing in services beyond golf and dining are the keys to El Paso Country Club’s future.

“We know that making improvements in our tennis courts, keeping our pool updated in addition to making an investment in our golf course are needed to enhance the membership experience,” he says.

Mr. Khatami however, also knows that investments in new structures like a state of the art fitness center and an outdoor patio are keys to increasing membership.

Young families, Mr. Khatami explained, are looking for amenities that other clubs do not offer. That is why plans for an outdoor patio and fitness center are included in the club’s short-term goals.

El Paso Country Club is taking the methodical approach to its investments which according to most experts in the industry is what will help the club avoid the pitfalls of larger and younger competitors.

“Our club is taking the initiative. Interest rates are at their lowest levels, there is higher competition among construction companies, these are reasons to look at the opportunities before us,” explained Mr. Khatami.

El Paso Country Club has a Board of Governors’ and management team that is making an effort to look to tomorrow; at the long term, not just what is happening now. Maintaining the club’s financial integrity is the surest way to preserve its longevity.

“Here at El Paso Country Club we are implementing a player development initiative, Golf 2.0, that is geared toward growing the game of golf by introducing new golfers to the game and re-engaging “lapsed golfers.” The scope of this initiative includes the entire family, especially women and children,” continues Mr. Pelletier.

As a private club general manager, Mr. Khatami is in contact with managers of clubs in Texas and other
On March 7th, Vernon gave us great lessons and advised us to *practice, practice, practice*. We have been invited by the 18 Holers to join them for 9 or 18 holes with lunch following. Please sign-up in advance.

Our March Ace was Ruth Erlich with a net 30. Congratulations Ruth!

Caesar Salad • Fresh Seasonal Fruit

Ask your Administrative Assistant to make a reservation for your office by calling 584-1111 or online at www.elpasocountryclub.com
A few major improvements are currently under way over in the tennis area. It's likely these improvements will be completed by the time this newsletter gets to you. Courts 1 and 2 are being resurfaced using a brand new product on the market designed to last longer than anything else we've previously used in the past. All the roofing on the benches between the courts have been repaired, all damaged windscreens have been replaced, and a few other touch ups inside the clubhouse are currently under way. The club is making a big effort to keep our facilities in the best shape possible.

We are only a few days away from USTA leagues to start and everyone is getting excited about the upcoming season. Along with the leagues, we will be hosting our annual adult Grand Prix from April 18-22. Please remember that all courts will be booked during the Grand Prix. If you want to play during those dates, please let me know so I can arrange a court at a different facility.

As for the programs, everything is running well and we are keeping busy. We hosted a mini camp during Spring Break for those that chose to stay in town and those that didn't have a scheduled break. We are currently working on the summer schedule and we should have it out by next month.

Lunch is served pool side

El Paso Country Club Summer Camp 2012 is now accepting applications! Session size is limited to 24 campers. Please contact the Tennis Pro-Shop at 581-3422 to enroll your child or grandchild.
Where has that wonderful winter gone? It’s time to get in shape for summer because the pool will officially open on May 5th! But guess what, it is open NOW for lap swimming and if the weather remains nice the pool and the Snack Shack will be open several weeks before May 5th on the weekends. The one big change you will see at the pool (a new building... no, not yet) is the grassy area under the awning, where we have parties. This area has a new decorative deck. We removed the grass because water will not drain in that area due to the clay in the soil. So instead of having parties in an area that has a tendency to be muddy, we have a nice dry area to have parties.

One other thing you may notice is a drinking fountain next to the ice dispenser. We are always trying to stay green as much as possible and this fountain will help us reduce the huge amount of cups we use in the summer. Go Green!

Now, for some info on our Championship Swim Team, the Barracudas. The City Championship swim meet will be on July 21st and July 22nd, so please include these dates in your summer plans.

Swim Team registration will begin MOTHER’S DAY WEEKEND, SATURDAY MAY 12th, 12 P.M. – 4 P.M. AND SUNDAY, MAY 13th, 12 P.M. – 2 P.M.

The Parent Classes are good for one year only and must be taken every year. Classes taken at the high schools and middle schools are eligible - just provide me with a copy of the roster showing you took the class. Classes with the City of El Paso are the same as last year and you may register online. If you have any questions, you can find me at the pool now every day. Yaaaay! Let the pool season begin!

**Sweet Chili and Root Beer Baby Back Ribs**

2 Racks Baby Pork Ribs | Kosher Salt & Coarse Black Pepper | 1/3 Cup Sweet Soy Sauce
1/4 Cup Root Beer | 1/4 Cup Sweet Chili Sauce | 2 TBS Sriracha (Hot Chili Sauce)

Mix wet ingredients in bowl and set aside (Do Not Add Salt and Pepper – these are for the ribs)

Leave ribs out for 1-hour at room temperature. Prepare charcoal grill. Create indirect heating area for ribs. Season Ribs with Salt and Pepper.

Place ribs bone side down on indirect heat. Cover with lid and cook about 2 hours. Test for doneness. Coat both sides of ribs with glaze - put back on indirect heat for 30 more minutes. Move to pan and cover with tented aluminum foil 10 to 12 minutes. Remove foil and cut ribs in sections, serve remaining glaze in bowl for dipping or drizzle over ribs in last minutes.
